RE: Draft Final Work Plan and Sampling and Analysis Plan, Phase II Vapor Intrusion Investigation, Operable Unit 3, Naval Air Station Jacksonville, Jacksonville, Florida

Dear Adrienne:

I have completed my review of the Draft Final Work Plan and Sampling and Analysis Plan, Phase II Vapor Intrusion Investigation, Operable Unit 3, Naval Air Station Jacksonville, dated May 2012 (received May 25, 2012), prepared and submitted by Tetra Tech, Inc. The responses to my previous comments on the draft of the above-referenced document are acceptable and the changes to the Sampling and Analysis Plan made in the draft final version of the document appear to have adequately addressed those comments. I have attached signed Worksheet #1 to this letter.
